# About the program

- Food & Supply Source through one of our partners, The Office Connection (a certified MWBE organization), has sourced select PPE, personal protective equipment, items.
- The inventory and availability fluctuate on daily basis. These products are manufactured in China and have an approximate 15-20-day lead time.
- Minimum orders may apply.
- Due to the dynamic nature of the demand for the product the pricing may vary slightly from what is on the document. Final pricing will be firm upon commitment.
- All orders must be paid for in advance. This is a requirement of the manufacturer and not The Office Connection.
- Testing documentation/certification of the product is available upon request.

## *The process to order*

- Click the link to sign up with this vendor. <https://smartofficedeals.com/food-supply-source-new-account/>
- Notify us of your interest by emailing [info@foodandsupplysource.com](mailto:info@foodandsupplysource.com) and copying your sales representative
- Due to the high nature of new customers please allow 1-2 business days for the account setup process. If you are a tax-exempt organization, please submit your tax-exempt certificate when setting up account.
- After your account is set up you will receive your login credentials and you can place your order for PPE online and pay at the checkout with credit card.
- Order is placed and tracked The Office Connection

**Product Name** KN95 Four Ply 3D Protective Mask

**Summary** KN95 Four Ply 3D Protective Mask

**Description** The P105 is a KN95 mask with CE certificate for EN 149:2001+A1:2009 Standard, (Filtering Face Piece) protective device designed to achieve a very close facial fit and very efficient filtration of airborne particles. The 'KN95' designation means that when subjected to careful testing, the respirator blocks at least 95 percent of very small (0.3 micron) test particles. If properly fitted, the filtration capabilities of KN95 respirators exceed those of face masks. This mask has a CE certificate.

### Product Name Disposable Coverall Suit FDA and CE Approved

**Summary** Disposable Coverall Suit waterproof with epidemic prevention barrier, it prevents blood penetration and isolates bacterial.

**Description** Made of lightweight spun-bond melt-blown polypropylene(SMS) material and CE/FDA certified, this lightweight, breathable coverall suit is an ideal balance of protection, durability, and comfort. Dust and waterproof with epidemic prevention barrier, it prevents blood penetration and isolates bacterial. The longer zipper is extended from waist to chin in order to complete coverage of the neck area. The hat adopts two- piece draping and elastic band technology to better-fit face density. Each seam adopts the sealing process of suture tape, the internal elastic band fitting process to better enhance the sealing and fitting degree of the waist. The full-body protective suit coverall include a hood with elastic wrist and ankles attached to provide the utmost protection.
