

Help us spread the word for Head Start Awareness Month!

YOUR #HEADSTARTSTORY MATTERS

Tell us your Head Start story!

October is Head Start Awareness Month! To celebrate and promote Head Start Awareness Month, we want to hear your stories about how Head Start has impacted you and your family.

Send us a video telling us your Head Start Story!

This year, Head Start California is collecting videos of Head Start teachers, alumni, and parents (and their kids!) explaining why Head Start is important for them. We will use these candid videos to create a story about Head Start and why our work is so important.

Please take five minutes to record a video and share this request widely with your staff and families! We are requesting that videos be received by Wednesday, October 12. Participants will be entered into a raffle to receive one of five \$100 Amazon gift cards!
